## SPORTS

Are you a weekend golfer who wants to experience the thrill of competition for money on the links? Founded in 2002, the American Challenge Golf Tour stages competitions across a multi-state area among golfers of all abilities and on a level playing field. The tour employs a time-tested handicap formula that virtually eliminates "sandbagging." More than \$1 million has been paid out since the tour began operation. Log on to [www.acgtour.com](http://www.acgtour.com) for more information.
